

Information Kit for Overseas Attendees

(updated as of 8 Feb 2022)

Pre-Departure Checklist

- A hardcopy of your letter of entry for the specified period of entry** – Hardcopy of the letter is necessary and softcopy will not be accepted at Singapore immigration
- Visa (if required)**
- Insurance** – Minimum coverage of S\$30,000 for COVID-19-related medical treatment and hospitalisation costs
- Flight ticket** – Make sure you are booked on the correct flight (non-VTL flight for SSL; VTL flight for VTL). Do arrive in Singapore at least 12 to 24 hrs hours prior to your first engagement
- Monitor your health status before departure**
- TraceTogether App** – Download the TraceTogether app and register with the same details used at the Singapore immigration. Visit <https://www.tracetogether.gov.sg/> for more information.
- Singapore Arrival Card** – Submit your declarations at <https://eservices.ica.gov.sg/sgarrivalcard/> up to three days prior to your date of arrival in Singapore

- On-Arrival COVID-19 Test (OAT)**
 - Register and pre-pay for your on-arrival test at <https://safetravel.changiairport.com/> or book through Singapore Airshow Concierge at DMCconcierge@experiaevents.com
- Proof of recovery (for recovered travellers)** – please refer to following page for required documentation
- Pre-departure COVID-19 PCR Test or professionally-administered ART* (PDT) within 2 days** before the scheduled departure of your flight to Singapore and obtain a test result certificate **IN ENGLISH** stating the following:
 - Name and passport number/date of birth as per your passport used for entry to Singapore;
 - Negative COVID-19 test result;
 - Time and date when your COVID-19 test was taken; and
 - Name of the testing institution

**Travellers from CAT IV countries will be required to take a PCR test. Travellers who have recovered from Covid-19 are not required to take the pre-departure COVID-19 test.*
- Accepted proof of vaccination on accepted mobile application or vaccination certificate IN ENGLISH. Dates of all vaccinations taken should be reflected.**

Proof of Recovery (in English or translated to English)

1. **Fully vaccinated and recently recovered travellers (infection detected within 7- 90 days before date of departure) will be exempted from**
 - (i) All border control testing requirements (PDT, OAT and unsupervised self-administered ART) and
 - (ii) Pre-event testing (PET)as long as the following documents(in English or translated to English) are available :
 - Proof of WHO-EUL vaccination
 - Supporting documents for proof of recovery
 - ✓ Positive COVID-19 Polymerase Chain Reaction (PCR) test or professionally-administered Antigen Rapid Test (ART) result between 7 – 90 days before the date of departure for Singapore; or
 - ✓ Discharge memo that:
 - i. states your name, and at least one other personal identifier such as the date of birth or passport number corresponding exactly with the information in your passport used for entry into Singapore;
 - ii. states your date of infection or the discharge date, which must be within 7 – 90 days before the date of departure for Singapore; and
 - iii. is issued by a relevant state authority or licensed medical professional.
2. **In the event the required documents above are not available, all border control testing requirements and PET will still be required and you will be denied entry to Singapore Airshow in the event of a positive PET result.**

Present the following at check-in:

- A hardcopy of your letter of entry for the specified period of entry**
- A valid proof of vaccination**
- A valid pre-departure COVID-19 test result certificate (Not required for recovered travellers who should provide proof of recovery instead)**
- A valid visa (if required)**
- A valid proof of recovery (for recovered travellers)**

Activate TraceTogether

- Activate your TraceTogether app and check that your vaccination status is updated on the app within 2 hours of arrival.
- Keep TraceTogether app on your mobile device for 21 consecutive days after departure from Singapore

Immigration

- i. HARDCOPY of letter of entry for the specified period of entry
- ii. Proof of vaccination
- iii. Pre-departure COVID-19 test result certificate
- iv. Valid proof of recovery (for recovered travellers)
- v. Valid visa (if necessary)
- vi. Travel insurance policy

On-Arrival PCR Test (OAT) at airport

Proceed to your hotel **DIRECTLY** after taking your OAT at the airport. You do not have to wait for the results at the airport

Travel to Accommodation and Isolation

Take private transportation, taxi or private hire car to your pre-booked hotel accommodation and isolate in your room until you are notified that your OAT results are negative. *OAT results usually takes up to 8 hours to be available**. You may proceed with your **business activities** within Singapore upon receiving a negative OAT result. The hotel where you serve your isolation will be the same hotel which you have booked for your trip.

Updating Singapore Airshow 2022

Please update Singapore Airshow 2022 Concierge upon arrival and when you have obtained your OAT results **before leaving your room**. We may also contact you directly to confirm your arrival in Singapore, status of isolation in the hotel and outcome of OAT results.

**OAT results usually take up to 8 hours to be available and will be sent via email and/or text message to your international phone number or a local line that you had submitted in your travel application. Please also check your junk mail in case the notification is classified as spam/junk.*

During Your Stay in Singapore

1. Overseas attendees will need to comply with daily testing requirements.

Please refer to [Annex A – Testing Requirements](#) for more details and remember to book your pre-event testing (PET) slots if you are planning to use Singapore Airshow PET facilities.

Fully vaccinated and recovered travellers (infection detected within 7- 90 days before date of departure) are exempted from PET provided documentation showing proof of recovery is presented. If the required documentation is not available; PET will be required and you will be denied entry in the event of a positive PET result.

2. TraceTogether App

Keep the TraceTogether app activated on your mobile device at all times by ensuring the Bluetooth function is enabled at all times

Please read your letter of entry carefully and ensure you comply with all the requirements stated in the letter

Annex A

Testing Requirements

Annex A – Testing Requirements

- **Overseas attendees will need to fulfil testing requirements of both**
 - (i) Border measures (as stipulated in your letter of entry); and**
 - (ii) Singapore Airshow 2022 (SA 2022) Pre-Event Test (PET)**

(i) Border Measures Testing Requirements	(ii) Singapore Airshow 2022 Pre-Event Testing Requirements
For ALL travellers (except travellers from Cat IV countries ²): <ul style="list-style-type: none">• Day 2 to 7; self-administered Antigen Rapid Test (ART)¹ before leaving place of accommodation	Antigen Rapid Test (ART) performed by the Ministry of Health approved medical provider. The results of this ART will be uploaded onto your TraceTogether app by the medical provider.
For travellers from Cat IV countries² : <ul style="list-style-type: none">• Day 2 to 7 and Day 10; self-administered Antigen Rapid Test (ART)¹ before leaving place of accommodation	Your ART needs to be valid till 7pm on day of visit to Singapore Airshow; thus PET can be taken anytime after 7pm one day before your day of visit to Singapore Airshow

1. *You do not need to submit your results from this self-administered ART. For more information on self-test kits authorized for use in Singapore, please refer to https://www.hsa.gov.sg/consumer-safety/articles/covid19_ARTselftests*
2. *Please refer to [Travel Health Control Measures \(Category I,II,III,IV\)](#) (ica.gov.sg) for countries listed under Cat IV*

- **Qn-> Am I required to take both sets of tests ?**

Annex A – Testing Requirements

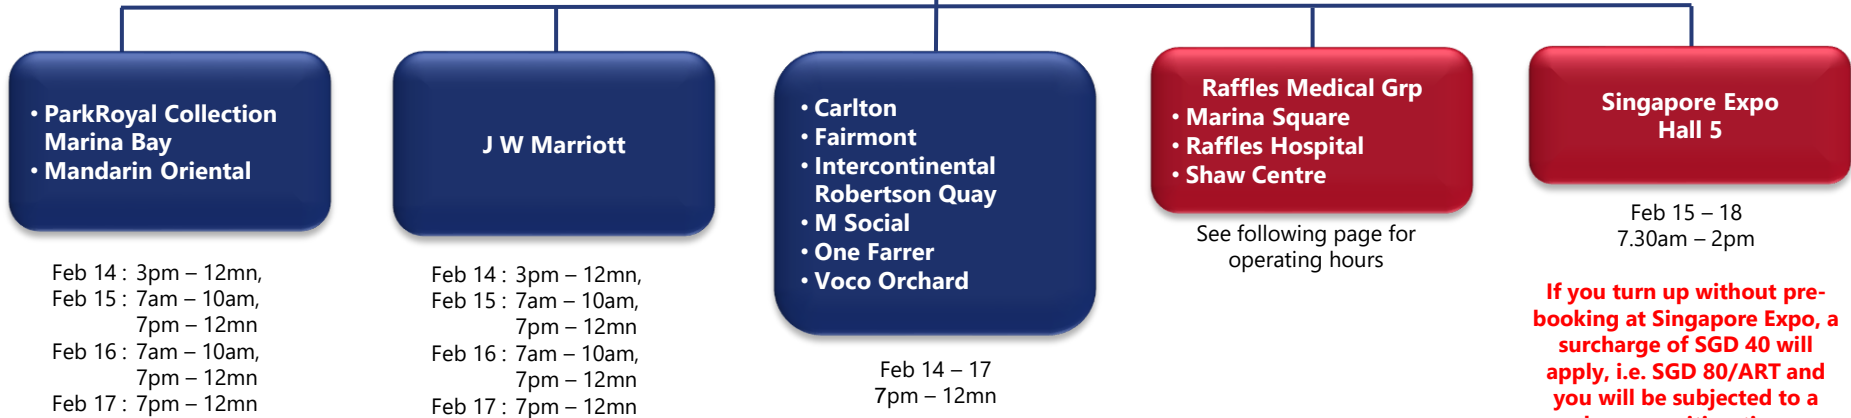

- **For the days that you are visiting SA 2022, and have made an appointment for your PET to be taken between 7pm on the preceding day and 2pm on actual day of visit to SA 2022, your PET results can be used to fulfil the border measures daily testing requirements for overseas attendees**
 - E.g. You plan to visit SA 2022 on 15 Feb; You can take your PET anytime between 7pm on 14 Feb and 2pm on 15 Feb before visiting SA 2022 on 15 Feb. You will be considered to have fulfilled your daily border measure testing requirements for 15 Feb for overseas attendees.
- **For the days that you are not visiting SA 2022, the daily unsupervised self-administered Antigen Rapid Tests (ART) is still required to fulfill border measure testing requirements. Pls perform an unsupervised self-administered ART before leaving your place of accommodation for that day.**
